Because I know there is a data base on these type of folks, I would draw your attention to the comments section on the Daily Pilot story regarding Bob Rush's support for Scott.

Edwin Thomas "ET" Snell has joined the debate. He calls himself a "Clown Community Activist" and lists a web site [www.etsnell.com](http://www.etsnell.com)

I have no reason to believe him to be a threat or dangerous in any way, but as you will see there, he appears to ride the public comment circuit. Sorry to give you a new nut job to worry about.

All the best,

Keith
